#### CASE STUDY:

## PILOT INSURANCE LOSS OF LICENSE

There are very few occupations that are as demanding as that of a professional pilot. There are even fewer that impose the stringent health requirements demanded of every pilot. A slight medical deficiency can cause indefinite grounding, causing a loss of income and financial hardship.

Exceptional Risk Advisors provides Loss of License disability insurance to assist in providing an adequate disability estate for pilots. Coverage is tailored to meet an individual's unique profile and available above and beyond what traditional carriers offer.
